

35TH ANNUAL APPI CONFERENCE

Recovering lost learnings in EFL – what and how?

13TH, 14TH & 15TH MAY 2022

ALTICE FORUM BRAGA
Braga | PORTUGAL

Welcome to the 35th Annual APPI Conference “Recovering Lost Learnings in EFL – what and how?”, welcome to Braga.

As teachers at large, we're aware that the period we've been living since March 2020 has affected our educational community, namely learners, ourselves, parents and carers, school administrators, and you name it.

Lost learnings go well beyond curricular content which has not been on focus on online moments, if any; interacting among teachers and learners, peers; socialising; responding to challenges on the spot; leaving behind at-risk learners due to both personal handicaps and lack of technical solutions to help through, all of these have to be regarded as learnings which have been cut off and need to be patiently and effectively retaken – what exactly? and how come? Caring and sharing tentative solutions are what we need from your practice. We, teachers, are aware of this situation both as professionals and as persons as well: ourselves, the agents who usually help make IT happen and the carers! Most probably some of us absolutely need some kind of help, attention, care as well. That's why the APPI team would very much like to offer some support for that matter in the Conference programme: help us teachers as persons who have been living the hardship of the profession in the course of the pandemic.

With all the speakers' expertise, we hope our confidence and energy will be boosted to make us keep on willing to always improve and become better professionals.

We wish you get the most out of this face-to-face Conference we all have been eagerly waiting for so long.

Do join us next May!

The Conference Organising Team
